G. A. R. ENCAMPMENT

LOUISVILLE, Ky., SEPTEMBER, 1895.

HENRY WATTERSON says:

"There was a time when, without any invitation whatever, either written or verbal, without so much as an intimation of hospitality, you insisted upon giving us the honor of your company, and as it turned out, when we were ill prepared to receive you. It were a pity, now that we are prepared, now that the lid is off the pot and the latch-string hangs outside the door, that you should refuse us the happiness of entertaining you, not with 'bloody hands to hospitable graves,' but as friends and brothers, as fellow citizens who learned to value one another amid scenes that left no time for equivocation and transactions applying to human virtues the very highest tests."

If you are going to accept this invitation
and attend one of

**The Largest Encampments the Grand
Army of the Republic has Ever Held,
You should Not Fail to go via the
Monon Route.**

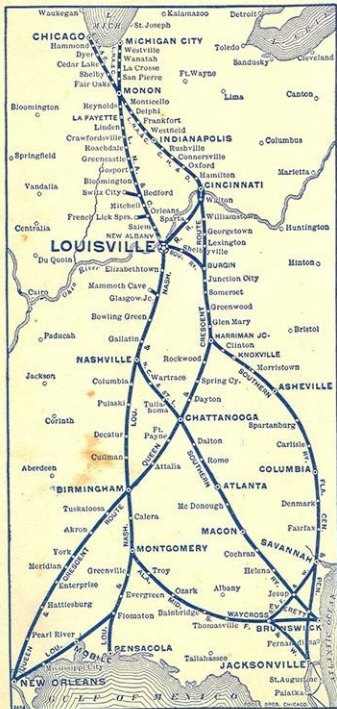

Many of you remember your trip over the old "New Albany & Salem Railway" (now the Monon Route), in the sixties in box cars or anything else that would carry a soldier. We want you to make the trip again this year, over the same line in the **finest equipped trains in the world**—parlor cars, dining cars and first-class coaches with double high-backed seats on all day trains; Pullman's finest vestibuled sleeping cars on night trains. The Monon is the direct line between Chicago and Louisville. Look at the map.

Post Commanders and others who contemplate getting up parties will find it to their interest to advise us as soon as possible, so that we may at once secure them such accommodations, both en route and at Louisville, as they desire. The crowd will be large. In fact, we expect this to be one of the largest encampments the G. A. R. has seen in years.

FULL INFORMATION WILL BE CHEERFULLY FURNISHED ON APPLICATION TO

AND FRENCH LICK SPRINGS ...

The "MONON ROUTE" is now running THROUGH SLEEPING CARS from Chicago to these CELEBRATED SPRINGS. Sleepers leave Chicago every Wednesday and Saturday night; returning, leave the Springs Thursday and Sunday nights.

NATURE'S REMEDY

... FOR ALL ...

Stomach, Liver and Kidney Diseases

NOTE.—There are no Springs in the world so favorably known for the cure of Inebriety. They are antagonistic to all alcoholic stimulants, forcing them, their effects and created appetites entirely from the system—without resultant evils—so common when artificial remedies are used.

For Information, Pamphlets, Sleeping Car Accommodations, etc., call on any Ticket Agent of the Monon Route.

WEST BADEN AND FRENCH LICK SPRINGS

Located in Orange County, Indiana, 80 miles northwest of Louisville, on the O., W. B. & F. L. S. Branch.

No springs on this continent, as yet analyzed, afford more than a fourth part of the quality of sulphureted hydrogen and very few in any part of the world even approach them in this particular.

All these waters have about the same general medicinal effect. They are alterative and tonic when moderately used; in larger quantities are powerful eliminators, acting upon the bowels, kidneys and skin, without, however, producing the irritating effect which this class of agents usually induces when prepared by means of pharmacy, less perfect than nature. They are especially adapted to the treatment of **Diseases of the Skin, Dyspepsia, Constipation, Chronic Inflammation of the Various Mucous Surfaces, Scrofula, Rheumatism, all Specific Diseases**, likewise a cure for the **Alcoholic and Morphine Appetite**, and, in fine, may be very beneficially used in all chronic affections where a tonic and alterative effect is desired.

To the invalid, the many cures effected by the proper use of these waters for the last thirty years give the strongest assurance of relief. To those who are not yet confirmed invalids, the old maxim that "an ounce of preventive is better than a pound of cure" conveys its own suggestion.

To those residents of cities, harassed with care and oppressed with the heat, dust and impure air, who seek complete quietness and repose, French Lick and West Baden offer all that natural scenery, pure air and homelike comforts can contribute.

The French Lick Springs issue in a beautiful valley surrounded by an undulated picturesque region. The water of the springs flows from rock-lined apertures and is enclosed by stone casements. Its temperature is uniformly 85° summer and winter. The new company that, now owns these famous Springs has spent nearly \$100,000 in improvements on the hotels and grounds. All buildings and grounds lighted with Incandescent Electric Light. New Bath Houses have been erected with improved medical facilities in connection with steam.

The grounds are beautifully laid out and decorated in landscape. A band of music is in regular attendance. Laying aside the well-known efficacy of French Lick Water, the resort will compare favorably with any on the continent.

The West Baden Springs property contains nearly seven hundred acres in delightfully varied landscape of prairie and forest, extending restful recreation to the weary invalid or tourist. The Hotel is situated on a high mound in the midst of a beautiful grove and consists of a large central building with two corresponding wings containing dining rooms, newly fitted and refurnished ball-rooms, parlors and reception salons, affording room for over 400 guests. Every improvement known to modern Sanitarium Resorts has been added for the convenience and accommodation of guests, including good music. The Hotel, Bath Houses and Grounds are lighted by Electricity; Tanks and Baths tempered by steam, etc. The springs are located in a charming valley, the medicated water bubbling up into circular basins of native whetstone rock, thus retaining all its natural gas and efficacy.

THE STEEL TRACKS OF THE MONON ROUTE ARE LAID TO THE SPRINGS AND FIRST-CLASS TRAINS RUNNING REGULARLY.

You can purchase through ticket of any ticket agent to **French Lick and West Baden Springs Stations**. For descriptive pamphlets containing analyses of the waters, address any agent of the **Monon Route**.
